2021 Main Match Schedule .....	30

## FOREWORD

This booklet contains the schedule of courses, except for electives, offered to medical students at Howard University College of Medicine. It provides a calendar of events, examination dates, and schedule of clerkships. Where applicable, non-medical graduate students enrolled in medical courses will comply with the class and examination schedules set forth in this booklet. The respective departments will schedule other courses, seminars, and examinations for graduate and other students. **The schedules do not show dates and times for quizzes and other evaluations.**

### COVID-19

**The Fall Academic Curricula Schedule will be a combination of online education and in person. M3 and M4 students will have face-to-face clerkship/electives. The Spring Academic Schedule will be determined at a later date.**

**The Schedules Booklet for the Howard University College of Medicine will be revised once the 20-21 HU University Calendar is released. This revision will impact the overall calendar of events and NOT the dates and times for courses/clerkships/electives and all examinations.**

**Schedule of Events' items color coded in purple are TBD once the University Calendar is released.**

## CURRICULUM – M.D. PROGRAM

The College of Medicine's program of instruction provides the forum for students to acquire the essential knowledge, skills, behaviors and attitudes necessary for the practice of medicine as set forth in the Educational Objectives for Howard University College of Medicine. The details of these objectives are shown in the College of Medicine Policies and Procedures Manual, also called the "Policies Manual". In addition, time is provided in the schedule for elective courses (Electives Manual), so that students can explore areas of special interests.

### **First Year (M1)**

The first-year integrated curriculum has **seven** instructional units. They include two units of instruction concerning Molecules and Cells, three dealing with Structure and Function and two units of instruction in Medicine and Society. Instruction in clinical skills and communication skills are included in these units.

The first semester instructional units in Molecules and Cells include macromolecules and metabolism, molecular and cell biology, tissue histology, nutrition, basic microbiology, genetics and immunology. The Medicine and Society unit consists of clinical and learning skills development. The Structure and Function block begins in the first semester with instruction in bones, muscles and skin.

During the second semester, the Structure and Function units include head and neck; nervous system; thorax; abdomen and pelvis. The Medicine and Society unit includes nutrition, global and environmental health.

### **Second Year (M2)**

The second-year integrated curriculum has **nine** units. They include six units of instruction covering the Organ Systems, two units in Introduction to Clinical Medicine (including physical diagnostic skills and behaviors), and one unit of Medicine and Society. Instructions in clinical skills and communication skills are included in the units taught throughout this year.

During the first semester, instructional units in the Organ Systems include general principles; hematopoietic, lymphoreticular, musculoskeletal and skin systems; cardiovascular and respiratory systems; and the renal/genito-urinary systems. There is a semester-long unit in Introduction to Clinical Medicine.

During the second semester, the Organ Systems include instructional units covering the gastrointestinal, endocrine and reproductive systems; the central nervous system and specific topics. Introduction to Patient Care and Medicine and Society are two other units in the second semester. The Medicine and Society unit includes complementary/alternative medicine and biometrics/ epidemiology.

### **Third and Fourth Years (M3 and M4)**

The third- and fourth-year curricula consist of units of instruction in a continuum of clerkships (internal medicine, neurology & rehabilitation, family medicine/community health, surgery, obstetrics & gynecology, pediatrics, psychiatry, and emergency medicine) and examinations in the various clinical subjects. All junior medical students are required to take a course in Interdisciplinary Health Care Ethics and Jurisprudence either during the first or the second semester. During the fourth year, there are three required clerkships— internal medicine, primary care and surgery. During these clerkships, the students function as acting interns (AI). For the primary care rotation, the student will be assigned to the site and the discipline in a primary care field for the experience (ambulatory internal medicine, pediatrics, family

medicine/community health, adolescent medicine, and office gynecology). All fourth-year students are required to take the *Intern Readiness Course* (IRC). The IRC focuses on clinical and procedural skills that first year residents are expected to perform. Each student has the opportunity for clinical and research experience through four or five electives. All rotations in the fourth year are four (4) weeks in duration. All clinical rotations (required or electives) must be approved by the Senior Associate Dean for Academic Affairs.

## ELECTIVES

Time is available for elective courses presented in the form of lectures, research, seminars or clinical experiences. These electives are designed to broaden the basic knowledge acquired in the core curriculum and to meet the needs of individual students that arise from differences in background, interests, and choice of careers in medicine or medically-related professions. The Senior Associate Dean for Academic Affairs must approve all electives. *(Please refer to the booklet on electives for details)*

**Elective Requirements:** Elective time is not available in the clerkship schedule of the third year. However, in the fourth year, a maximum of twenty-four (24) weeks or a minimum of twenty (20) weeks must be spent in elective courses or research activity. These electives include the four (4) weeks of primary care rotation. No more than eight (8) weeks (if 24 weeks of electives are chosen) can be spent in the same specialty, or subspecialty and no more than eight (8) weeks in research.

During senior electives, students may simultaneously serve as externs, or receive compensation as a US Public Health Service appointee in connection with an approved elective. The elective, however, must be a training experience and temporary employment cannot be substituted for electives.

**Intramural electives:** Students have the option of taking electives at Howard University Hospital (HUH). This does not include the AI, IRC, or the primary care elective.

**Extramural Electives:** In choosing electives, senior students may enroll in courses offered at Howard University (described in the booklet, "Senior Elective Courses") or, upon approval, electives may be taken at another institution in the United States. Application for most extramural electives is facilitated by the Visiting Student Learning Opportunity (VSLO). The process is detailed in the electives booklet that is published annually. The Senior Associate Dean for Academic Affairs makes final approval of electives prior to transmitting the application to the extramural host institution where the elective is to be taken.

*2020-2021 Academic Year: As per guidance from the Coalition for Physician Accountability's Work Group on Medical Students in the Class of 2021 Moving Across Institutions for Post Graduate Training and due to the COVID-19 pandemic, senior students are not allowed to travel to away rotations if HUH has a residency program in the student's desired specialty. Only students in specialties not offered at HUH may participate in away electives at institutions in a geographic location designated by the Senior Associate Dean for Academic Affairs.*

**International Electives:** *Due to the COVID-19 pandemic, senior students will not be allowed to apply to an international elective for the 2020-2021 academic year.*

**Visiting Students:** Students from LCME-accredited medical schools and students from accredited schools of osteopathic medicine may be accepted for electives in the fourth year at Howard University, providing space is available. **However, the space is severely limited due to the COVID-19 pandemic for the 2020-2021 academic year.**

**Each student must provide the list of all electives showing the following:**

- Name of elective
- Institution where the student will rotate for the elective
- Dates for the electives
- Supervisor or contact person for each elective
- Other requested (by the Senior Associate Dean for Academic Affairs) information

**Service Learning:** A list of opportunities for students in the College of Medicine to participate in service-learning activities is maintained in the Office of the Associate Dean for Student Affairs and Admission. The College of Medicine encourages and will support students to participate in these activities to the extent possible.

**Scholarly Activities/Research Opportunities:** The College of Medicine encourages students to participate in research. In addition to taking electives in research in the senior year, opportunities also exist during all 4 years in the curriculum for students to participate in scholarly activities. Students should contact the Associate Dean for Research for more information.

## **OTHER PROGRAMS**

### **Combined B.S./M.D. Program**

This is a cooperative program at Howard University between the Colleges of Medicine and the College of Arts and Sciences, which allows the student to complete the requirements for both the B.S. and the M.D. degrees in six (or seven) years instead of the customary eight years. A limited number of students are admitted to the medical program (if requirements are met) from the College of Arts and Sciences as part of the entering class of traditionally selected students.

### **Combined M.D./Ph.D. Program**

The College of Medicine and the Graduate School co-sponsor this interdisciplinary program, which prepares students for leadership roles as clinicians/scientists/scholars. The requirements for both the M.D. degree and the Ph.D. degree in the student's selected graduate department can be completed in approximately seven or eight years without any diminution in either the M.D. or Ph.D. curriculum. The graduate departments that currently award the Ph.D. degree in this program are Anatomy, Biochemistry and Molecular Biology, Biology, Chemistry, Genetics and Human Genetics, Microbiology, Pharmacology, and Physiology/Biophysics.

### **Dual M.D./MBA Degrees Program**

A limited number of medical students in the College of Medicine may enroll in the MBA program, so that at the end of five years these students will receive the M.D. and the MBA degrees. Students must meet the criteria for admission to the MBA program and must also successfully complete the first two or three years in the medical school. Students will be required to sit for the USMLE Step 1 before starting the MBA program. The students will then be granted a one-year leave of absence from the College of Medicine to enroll in the Business School. After successful completion of the MBA curriculum, the students then return to the College of Medicine to complete the requirements for the M.D. degree. Medical students who wish to enroll in this program may obtain more information from the Senior Associate Dean for Academic Affairs in the College of Medicine and must write a letter to the said Associate Dean requesting permission prior to applying for the MBA program.

## ACADEMIC SUPPORT PROGRAMS

### **Student Academic Support Program (SASP)**

The Office of Medical Education (OME) presents problem solving, critical thinking and assessment of learning styles strategies for concept mapping to medical students during Freshman Orientation week and during the early part of the first semester. Individual sessions are also offered throughout the school year. Academic support is offered to all students. Students who are identified as requiring academic reinforcement are referred to the OME for academic counseling and/or group tutorial support.

### **MedSTAR (Medical Student Taught Academic Review)**

The MedSTAR program has medical students who serve as tutors and who are selected based on their academic performance, scholastic standing and personality traits to aid students who request support in handling course content.

Academic Support also includes intensive review sessions that are presented during the summer in the **Summer Directed Study Program (SDSP)** for students who have incurred deficiencies during the regular school year. The Committee on Promotions and Graduation prescribes enrollment in the Summer Directed Study Program for those students considered eligible in accordance with the Policy on Student Promotions of the College of Medicine. Other programs to increase retention and graduation of students include **reexaminations, repeat clerkship, repeat an academic year, and in some cases, financial support** for review courses in preparation for the USMLE.

## GRADES, PROMOTION AND GRADUATION

A statement of the policy governing student promotions is provided to each student at the beginning of each academic year. The Committee on Student Promotions and Graduation of the College of Medicine will review student performances and make decisions concerning promotions throughout the year. A report of grades is provided to each student following each course/clerkship/elective. The Office of the Senior Associate Dean for Academic Affairs, Student Records Section, issues all grade reports. **It is the responsibility of each student to check Blackboard and BisonWeb to ensure courses, clerkships and electives are correctly recorded.** Grades are issued directly to the student on Blackboard and BisonWeb, and not released by fax, email, or to a third person. The College of Medicine may honor a signed written request by the student/graduate to release grades to a third party.

Satisfactory student performance, including demonstration of appropriate professional behavior, is mandatory for promotion and for graduation. Students are required to pass the United States Medical Licensing Examination (USMLE) Step 1 for promotion to the third year. Students are also required to pass the USMLE Step 2 Clinical Knowledge Examination (CK) and the USMLE Clinical Skills Assessment (CS) to be eligible to participate in the National Resident Matching Program (NRMP) and for graduation. *However, due to the COVID-19 pandemic, the USMLE Step 2 CS exam has been put on hold for the 2020-2021 academic year and **WILL NOT** be required for graduation for the students graduating in December 2020, May 2021 or June 2021. This requirement will be re-instated when and if the exam is offered for future classes of the College of Medicine.*

Grades in the College of Medicine are reported as H (Honors), HP (High Pass), S (Satisfactory), or U (Unsatisfactory) for medical students, except the Intern Readiness Course, which is Pass/Fail. High Pass (HP) designation is available as a grade for all third-year clerkships except Emergency Medicine. Criteria for promotions and graduation are described in the Policies and Procedures Manual.

**SCHEDULE OF EVENTS**  
**College of Medicine**  
**2020 - 2021**

**Date Policy:** Deadlines are listed according to the calendar date on which they fall, even if that date falls on a weekend or is a legal holiday. Such deadlines must be met by close of business of the first business day immediately following a weekend or legal holiday.

**FIRST SEMESTER 2020**

<b>July 3, Friday</b>	<b>Independence Day – Observed</b>
<b>July 2, Thursday - July 15, Wednesday</b>	Registration for COM students for Fall Semester (Seniors will be registered on August 4, 2020)
<i>July 8, Wednesday- July 31, Friday</i>	<i>Class of 2021 Jr. Clerkship Make-up due to COVID-19</i>
<b>July 8, Wednesday- July 14, Tuesday</b>	<b>Freshman</b> Orientation begins 8:00 a.m., Virtual Meeting on Zoom, (MANDATORY)
<b>July 9, Thursday</b>	Academic Affairs Orientation for <b>all freshman students</b> 8:00 a.m. – 9:30 a.m., Virtual Meeting on Zoom (MANDATORY)
<b>July 13, Monday</b>	Orientation for <b>sophomore</b> medical students, Virtual Meeting on Zoom, 8:00 a.m. to 5:00 p.m. Includes a remote and proctored practice NBME exam in the afternoon. (MANDATORY)  Orientation for rising <b>junior (2020-2021)</b> medical students, Virtual Meeting on Zoom, 8:00 a.m. to 5:00 p.m. ( <b>Administrative part 1 of 2</b> ) (MANDATORY)
<b>July 14, Tuesday</b>	Instruction begins at 8:00 a.m. for <b>sophomore</b> medical students, Virtual Meeting on Zoom and/or Room B-14, Seeley G. Mudd Building  Orientation for rising <b>junior (2020-2021)</b> medical students continues, Virtual Meeting on Zoom, 8:00 a.m. to 12:00 p.m. ( <b>Administrative part 2 of 2</b> ) (MANDATORY)
<b>July 15, Wednesday</b>	<b>Opening exercise, 8:00 a.m., College of Medicine, Virtual Meeting on Zoom</b>  Classes/clerkships suspended for <b>all</b> medical students, 8:00 – 9:00 a.m.
<b>July 15, Wednesday</b>	Instruction begins at 9:00 a.m. for freshman medical student

<b>July 15, Wednesday - July 31, Friday (a.m.)</b>	Junior Clerkship Essential Clinical and Technical Skills Course (all rising <b>junior</b> students) (MANDATORY) – schedule to be distributed at Junior Orientation – On site and Virtual on Zoom
<b>July 20, Monday</b>	Last day for change of <b>senior</b> electives for Fall Semester
<b>July 29, Wednesday</b>	Last day for HUCM to receive passing scores for USMLE Step 1 for students to begin third year rotations in July 2020 ( <b>Adjusted date, due to COVID-19</b> )
<b>July 31, Friday (p.m.)</b>	Departmental/Clerkship Orientations for <b>junior (2020-2021)</b> medical students at 12:30 pm
<b>July 31, Friday</b>	New M3 students transition to the Howard University Hospital to start face-to-face clinical clerkships, after specialty orientations
<b>August 1, Saturday - August 5, Wednesday</b>	Virtual National Medical Association Scientific Assembly
<b>August 3, Monday</b>	<b>End of third year for junior (2019-2020) medical student</b>
<b>August 4, Tuesday</b>	Orientation for <b>senior</b> medical students, Virtual, 8:00 a.m. - 2:00 p.m. (MANDATORY) (Includes mandatory HIPAA and OSHA recertification, and health insurance/disability income presentations)  Formal senior class photographs 2:30 p.m. to 5:30 p.m., Room 1317, Numa P.G. Adams Building, for all <b>senior</b> medical students
<b>August 5, Wednesday</b>	Instruction begins for <b>senior</b> medical students
<b>August 28, Friday??</b>	<b>Deadline for 100% refund of tuition/fees for medical students</b>
<b>September 7, Monday</b>	LABOR DAY – LEGAL HOLIDAY Freshman, sophomore, and junior year students only <b><u>Fourth year students on AI must report for rotation</u></b>
<b>September 16, Wednesday</b>	Last day for HUCM to receive passing scores for USMLE Step 1 for students with special schedules to begin third year rotations in September
<b>September 18, Friday??</b>	<b>OPENING CONVOCATION – Virtual, 11:00 a.m. (Classes suspended from 10:00 a.m.-1:00 p.m.)</b>
<b>September 21, Monday??</b>	<b>Deadline for 50% refund of tuition and fees for medical students</b>
September 17, Thursday - September 21, Monday	BLS/Essential Clinical and Technical Skills Course for September starts (Class of 2022)
September 22, Tuesday	September late start date for junior medical student (Class of 2022)

<b>October 16, Friday??</b>	Deadline for 25% refund of tuition and fees (Last day for tuition/fee refunds)
<b>October 26, Monday- October 30, Friday</b>	Spring Semester registration for <b>junior</b> students
<b>October 30, Friday??</b>	Last date for total withdrawal from the university
<b>November 11, Wednesday</b>	VETERAN'S DAY OBSERVED <b>Freshman</b> and <b>sophomore</b> students only <b>Junior and senior medical students must report for their rotations</b>
<b>November 18, Wednesday</b>	HONORS AND AWARDS DAY, College of Medicine, Numa P.G. Adams Building, Main Auditorium, Room 3019, 11:00 a.m. (Classes suspended from 10:00 a.m. – 1:00 p.m.) In-person or Virtual (TBD)
<b>November 13, Friday</b>	Last day for change of <b>senior</b> electives for Spring Semester
<b>November 19, Thursday- November 25, Wednesday</b>	Spring semester registration for <b>freshman</b> and <b>sophomore</b> students
<b>November 26, Thursday- November 29, Sunday</b>	THANKSGIVING RECESS <b>Freshman</b> and <b>sophomore</b> students only <b>Junior and senior students are off only on Thursday November 26</b>
<b>November 30, Monday</b>	End of first semester for <b>freshman</b> medical students
<b>November 30, Monday</b>	Instruction resumes for first- and second-year students
<b>November 30, Monday- December 4, Friday</b>	Spring semester registration for <b>senior</b> students
<b>December 1, Tuesday</b>	Begin second semester for <b>freshman</b> medical students
<b>December 9, Wednesday</b>	Last day for school to receive passing score/grade for USMLE Step 2 CK for December 2020 graduates
<b>December 10, Thursday</b>	End of first semester for <b>sophomore</b> medical students
<b>December 11, Friday – January 3, 2021, Sunday</b>	Winter Break <b>sophomore</b> medical students
<b>December 12, Saturday – January 3, 2021, Sunday</b>	Winter Break <b>freshmen</b> medical students
<b>December 12, Saturday</b>	Official date for December 2020 graduates
<b>December 18, Friday</b>	End of semester for <b>junior</b> and <b>senior</b> medical students

**December 19, Saturday** Winter Break for **junior and senior** medical students  
**January 3, 2021, Sunday** College of Medicine administrative offices closed

## **SECOND SEMESTER 2021**

**January 3, 2021, Monday** Instructions resume for **freshman, sophomore, junior** medical students for spring semester

**January 3, 2021, Monday** Instruction continues for **senior** medical student for spring semester

**TBA** Deadline for 100% refund of spring semester tuition/fees

**January 11, Monday** Orientation for USMLE Step 1 for **sophomore** medical students  
Room B-14 1:30 p.m. (MANDATORY)

**January 13, Wednesday** Orientation for senior year rotations for **junior** medical students  
(Class of 2022) – 3:00-5:00 p.m. Room 3019 (MANDATORY)

**January 18, Monday** **Martin Luther King, Jr. Birthday Observed** (All students off)

**February 12, Friday??** Deadline for 50% refund of spring semester tuition/fees

**February 15, Monday** Presidents' Day – Legal Holiday  
**Freshman and sophomore** students only  
**Junior and senior medical students must report for their rotations**

**March 3, Wednesday** Last day for school to receive passing score/grade for USMLE Step 2  
CK for participation in the NRMP

**February 22, Monday-  
February 26, Friday** Registration for **junior** students for summer session

**March 4, Thursday –  
March 7, Sunday** **SPRING RECESS**  
Freshman and sophomore students only  
**Junior and Senior medical students must report for their respective clerkships/rotations/electives**

**March 5, Friday??** **Charter Day Convocation** – Cramton Auditorium  
11:00 a.m. (Classes suspended 10:00 a.m. -1:00 p.m.)

**March 5, Friday??** Deadline for 25% refund of tuition/fees (Last day for refunds)

**March 5, Friday** Debt Management Workshop for **senior** medical students,  
12:30 p.m. to 5:00 p.m., Room 3019, Numa P. G. Adams Building  
(MANDATORY)

<b>March 8, Monday</b>	Classes resume for <b>freshman</b> and <b>sophomore</b> students
<b>March 15, Monday – March 19, Friday</b>	<b>MATCH Week</b>
<b>March 18, Thursday</b>	Gold Humanism Awards Program, 5:00-8:00 p.m. Lobby 1008 Numa P.G. Adams Building
<b>March 19, Friday</b>	<b>MATCH DAY/ Long White Coat Ceremony</b> , 10:00 a.m.-1:30 p.m., Cramton Auditorium
<b>March 23, Tuesday</b>	Overview for Senior Year: Schedule, Electives, USMLE, ERAS, NRMP for <b>junior</b> medical students; 3:00-5:00 p.m. Room 3019
<b>March 26, Friday</b>	<b>Orientation for Graduation</b> – May, June, and December 2021 graduating students 2:00 p.m. to 3:30 p.m., Room 3019, Numa P.G. Adams Building (MANDATORY)
<b>April 2, Friday</b>	Draft of senior rotations schedule due for Class of 2022
<b>April 2, Friday??</b>	Last day to complete total withdrawal from the University
<b>April 16, Friday</b>	NBME Comprehensive Basic Science exam (CBSE) <b>Sophomore</b> medical students. Last day of school for <b>Sophomores</b> following CBSE. (8:30 am – 3:00 pm, Health Sciences Library)
<b>April 17, Saturday – June 1, Tuesday</b>	USMLE Step 1 Study Period; <b>sophomore</b> medical students
<b>April 25, Sunday</b>	<b>Last day of instruction for senior medical students graduating May 2021</b>
<b>April 26, Monday May 21, Friday</b>	<b>In-house</b> Clinical skills assessment for <b>junior</b> medical students
<b>April 26, Monday</b>	End of semester for <b>freshman</b> medical students after exams
<b>April 28, Wednesday</b>	Last day for school to receive passing score/grade for USMLE Step 2 CK for May 8, 2021 graduates
<b>April 30, Friday</b>	Final grades due for <b>senior</b> medical students
<b>May 5, Wednesday</b>	Alpha Omega Alpha Honor Medical Society Lecture, 1:00 p.m. HUH Towers Auditorium; Induction Ceremony and Banquet, 6:00 p.m.
<b>May 7, Friday</b>	<b>HONORS AND OATH DAY – May 2021 Graduates</b> Cramton Auditorium - 9:30 a.m.
<b>May 8, Saturday</b>	<b>COMMENCEMENT EXERCISES</b> –Main Campus, 10:00 a.m.

## SUMMER SCHEDULE 2021

<b>May 12, Wednesday- May 14, Friday</b>	Registration for <b>freshman</b> and <b>sophomore</b> students for SDSP
<b>May 17, Monday – June 25, Friday</b>	Preliminary Academic Reinforcement Program (PARP)
<b>May 17, Monday – June 25, Friday</b>	Summer Directed Study Program (SDSP) for <b>freshman</b> medical students
<b>May 24, Monday – July 2, Friday</b>	SDSP for <b>sophomore</b> medical students
<b>May 28, Friday</b>	Last day to submit senior schedule (E*value) ( <b>Senior students 2021 - 2022</b> )
<b>May 31, Monday</b>	<b>MEMORIAL DAY OBSERVED – LEGAL HOLIDAY</b>
<b>June 9, Wednesday</b>	Last day for school to receive passing score/grade for USMLE Step 2 CK for <b>June 2020 graduates</b>
<b>June 2, Wednesday</b>	<b>Recommended day to sit for USMLE Step 1 (Class of 2023)</b>
<b>June 11, Friday</b>	<b>Last day of instruction for senior students graduating June 2021</b>
<b>June 12, Saturday</b>	Graduation date for summer <b>June 2021 degree recipients</b>
<b>June 18, Friday</b>	Last day to submit application for international electives ( <b>if allowed</b> ) ( <b>Senior Students 2021-2022</b> )
<b>July 5, Monday</b>	<b>INDEPENDENCE DAY OBSERVED – LEGAL HOLIDAY</b>
<b>July 7, Wednesday</b>	Last day for HUCM to receive passing scores for USMLE Step 1 for students to begin <b>third year</b> rotations in July 2021
<b>July 7, Wednesday - July 13, Tuesday</b>	<b>Orientation for incoming freshmen (Class of 2025) Mandatory</b>
<b>July 12, Monday</b>	<b>Orientation for rising sophomores and rising juniors (Mandatory)</b>
<b>July 13, Tuesday</b>	End of semester and year for <b>junior</b> medical students (Class of 2022)
<b>July 14, Wednesday</b>	<b>START OF 2021 - 2022 ACADEMIC YEAR</b> <b>Orientation for senior class (Class of 2022)</b>

## FRESHMAN UNITS

### SEMESTER I

**July 15, 2020 – November 30, 2020 (Includes Examinations)**

**Credit Hours**

**Molecules and Cells Unit 1 – July 15, 2020 – September 14, 2020** **12**

Molecules and Metabolism; Molecular Biology, Cell Biology, Tissue Histology

Examinations

Molecules & Cells 1 written	08	03	20	10:00-12:30	HSL
Molecules & Cells 1 written	08	17	20	10:00-12:30	HSL
Molecules & Cells 1 written	08	31	20	10:00-12:30	HSL
Molecules & Cells 1 written	09	14	20	8:30-11:00	HSL
Molecules & Cells 1 lab	09	14	20	1:30-3:30	HSL
Molecules & Cells 1 Reexamination	01	04	21	8:00-10:30	LRC

**Medicine and Society Unit 1 – July 21, 2020 – December 1, 2020** **4**

(Class meets Tuesday afternoons)

Clinical Skills, Health Care Systems

Examinations

Medicine & Society 1 (case presentation)	11	24	20	1:00-4:00	1008/3019
Medicine & Society 1 written	12	01	20	1:30-3:30	HSL
Medicine & Society 1 Reexamination	01	05	21	8:00-10:30	LRC

**Molecules and Cells Unit 2 – September 15, 2020 – October 19, 2020** **8**

Nutrition, Basic Microbiology, Genetics, Immunology

Examinations

Molecules & Cells 2 written	10	5	20	10:00-12:30	HSL
Molecules & Cells 2 written	10	19	20	10:00-12:30	HSL
Molecules & Cells 2 Reexamination	01	05	21	8:00-10:30	LRC

**Structure and Function Unit 1 – October 20, 2020 – November 30, 2020** **5**

Bones, Muscles and Skin

Examinations

Structure & Function 1 written	11	9	20	8:30-11:00	HSL
Structure & Function 1 lab	11	9	20	1:30-5:00	Gross Anat
Structure & Function 1 written	11	30	20	9:00-11:30	HSL
Structure & Function 1 lab	11	30	20	1:30-5:00	Gross Anat
Structure & Function 1 Reexamination	01	04	21	3:00-5:30	LRC

**NOTE: Structure and Function Unit 2 (semester 2 course) begins on Tuesday December 1, 2020**

**Freshmen Winter Break begins December 12, 2020**

**TOTAL CREDIT HOURS THIS SEMESTER** **29**

**HSL: Stokes Health Sciences Library Testing Center (4<sup>th</sup> floor)**

**LRC: Mudd Building Learning Resource Center (1<sup>st</sup> floor Mudd)**

## FRESHMAN UNITS

### SEMESTER II

**December 1, 2020 – April 26, 2021 (Includes Examinations)**

**Credit Hours**

**Structure and Function Unit 2- December 1, 2020 – February 8, 2021**

**10**

Head, Neck, Nervous System

Examinations

Structure & Function 2 written	12	11	20	9:00-11:30	HSL

## SOPHOMORE UNITS

### SEMESTER I

**July 15, 2020 – December 10, 2020 (Includes Examinations)**

**Credit Hours**

**Organ Systems Unit 1 – July 14, 2020 – August 18, 2020**

**6**

General Principles

Examinations

Organ Systems 1 NBME	07	28	20	9:00-12:00	HSL
Organ Systems 1 lab	08	18	20	9:00-10:00	HSL
Organ Systems 1 NBME	08	18	20	12:00-3:00	HSL
Organ Systems 1 Reexamination	01	04	21	8:00-10:30	LRC

**Organ Systems Unit 2 – August 19, 2020 – September 22, 2020**

**6**

Hematopoietic, Lymphoreticular, Musculoskeletal and Skin

Examinations

Organ Systems 2 lab	09	01	20	12:00-1:00	HSL
Organ Systems 2 NBME	09	01	20	2:00-4:30	HSL
Organ Systems 2 Lab	09	22	20	9:00-10:00	HSL
Organ Systems 2 NBME	09	22	20	12:00-3:00	HSL
Organ Systems 2 Reexamination	01	05	21	11:30-2:00	LRC

**Organ Systems Unit 3 – September 23, 2020 – November 3, 2020**

**7**

Cardiopulmonary and Vascular Systems

Examinations

Organ Systems 3 lab	10	13	20	9:00-10:00	HSL
Organ Systems 3 NBME	10	13	20	12:00-3:00	HSL
Organ Systems 3 lab	11	03	20	9:00-10:00	HSL
Organ Systems 3 NBME	11	03	20	1:00-4:00	HSL
Organ Systems 3 Reexamination	01	04	21	3:00-5:30	LRC

**Organ Systems Unit 4 – November 04, 2020 – December 08, 2020**

**6**

Endocrine, Renal and Genitourinary

Examinations

Organ Systems 4 NBME	11	17	20	9:00-11:30	HSL
Organ Systems 4 lab	12	08	20	9:00-10:00	HSL
Organ Systems 4 NBME	12	08	20	12:00-3:00	HSL
Organ Systems 4 Reexamination	01	05	21	3:00-5:30	LRC

**Introduction to Clinical Medicine 1 – July 16, 2020 - December 10, 2020**

**4**

Physical Diagnosis and Clinical Medicine

Examinations

ICM 1	12	10	20	9:00-11:30	HSL
ICM 1 Reexamination	01	05	21	12:30-2:00	LRC

**Sophomore Winter Break begins December 11, 2020**

**SEMESTER TOTAL CREDIT HOURS**

**29**

## SOPHOMORE UNITS

### SEMESTER II

**January 4, 2021 – April 16, 2021 (Includes Examinations)**

**Credit Hours**

**Organ Systems Unit 5 – January 4, 2021 – February 09, 2021**

**8**

Man and Woman Reproductive and Gastrointestinal

Examinations

Organ Systems 5 lab	01	19	21	8:30-9:30	HSL
Organ Systems 5 NBME	01	19	21	10:30-1:30	HSL
Organ Systems 5 lab	02	09	21	9:00-10:00	HSL
Organ Systems 5 NBME	02	09	21	12:00-3:00	HSL
Organ Systems 5 Reexamination	04	26	21	11:00-1:30	LRC

**Medicine and Society Unit 3 – February 10, 2021– March 3, 2021**

**4**

Behavioral Medicine, Complementary and Alternative Medicine

Examinations

Medicine & Society 3 Written	03	03	21	1:30-3:00	HSL
Medicine & Society 3 Reexamination	04	26	21	8:00-10:30	LRC

**Organ Systems Unit 6 – March 08, 2021 – April 13, 2021**

**7**

Central and Peripheral Nervous System, Psychopathological Conditions, Special Senses

Examinations

Organ Systems 6 NBME	03	30	21	12:00-3:00	HSL
Organ Systems 6 lab	04	13	21	9:00-10:00	HSL
Organ Systems 6 NBME	04	13	21	12:00-3:00	HSL
Organ Systems 6 Reexamination	04	26	21	2:30-5:00	LRC

**Intro to Clinical Medicine 2 – January 4, 2021 – April 15, 2021**

**8**

Physical Diagnosis and Clinical Medicine

Examinations

ICM 2 NBME	04	15	21	9:00-12:00	HSL
ICM 2 Reexamination	04	26	21	11:30-1:30	LRC

***NBME Comprehensive Basic Science Examination: April 16, 2021 8:30 am – 3:00 pm (Mandatory)***

**SEMESTER TOTAL CREDIT HOURS**

**GRAND TOTAL CREDIT HOURS FOR SECOND YEAR (M-2)**

**56**

**HSL: Stokes Health Sciences Library Testing Center (4<sup>th</sup> floor)**

**LRC: Mudd Building Learning Resource Center (1<sup>st</sup> floor Mudd)**

**JUNIOR COURSES**  
(July 15, 2020 – July 13, 2021)

**Course Title/ Duration**

<b>Rotations (All Year)</b>	<b>Credit Hours</b>
Internal Medicine/Neurology/PM&R (12 weeks)	12
Family Medicine (4 weeks)	4
Obstetrics and Gynecology (8 weeks)	8
Pediatrics (8 weeks)	8
Psychiatry (6 weeks)	6
Emergency Medicine (2 weeks)	2
Surgery (8 weeks)	8
Interdisciplinary Health Care Ethics/Jurisprudence (Students must take either <b>Fall</b> or <b>Spring</b> semester)	2
<b>Total for Junior Year (M-3)</b>	<b>50</b>

**SENIOR COURSES**  
(August 05, 2020 – April 25, 2021 for May Graduates)  
(August 05, 2020 – June 11, 2020 for June Graduates)

**All rotations must be at least 4 weeks**

<b>Rotations (All Year)</b>	<b>Credit Hours</b>
Senior Medicine (4 weeks)	4
Senior Surgery (4 weeks)	4
Intern Readiness Course (4 weeks) (Either 03/01/21 - 03/28/21 or 03/29/21 - 04/25/21)	4
Sr. Electives: Minimum (includes one 4-week elective in Primary Care)	20
Maximum (includes one 4-week elective in Primary Care)	24
<b>Total for Senior Year (M-4) Minimum</b>	<b>32</b>
<b>Maximum</b>	<b>36</b>
