

Ovarian & Prostate Cancer Awareness Month

SHOWCASE FACULTY SHOWCASE

If you have an exciting announcement to share with your colleagues please email Swati Jain Goel, MD at swati.goel@howard.edu or Patsy Hayden at patsy.hayden@howard.edu so that we can highlight in our newsletter!

Congratulation to **Celia J. Maxwell, M.D., FACP, FIDSA**, on her published book chapter in *Global Health and Volunteering Beyond Borders: A Guide for Healthcare Professionals*. The chapter is titled – **“Perspectives on Global Health and Volunteerism for Healthcare Providers: The Importance of Preparation, Identification, and Management of Infectious Diseases and Mitigation of Other Risks.”**

Dr. Maxwell serves as the Associate Dean for Research at Howard University College of Medicine. She is currently the Principal Investigator of several prestigious projects. They include: The Center for Infectious Disease Management and Research's, Ryan White EIS program, The DC DOH Routine HIV Testing Program and as Co-PI for the PEPFAR funded HBCU Clinical Practice Transformation Project in Zambia.

Dr. Maxwell obtained a Bachelor of Science in Nursing from Hunter College and her medical degree from Columbia University College of Physicians and Surgeons, both in New York City. She completed her residency training in Internal Medicine at Howard University Hospital and a Fellowship in Parasitology at the National Institutes of Health, Laboratory of Parasitic Diseases. Her research interests then involved the investigation of the immune response of humans to the hookworm parasite. Dr. Maxwell is an Associate Professor of Medicine in the Department of Medicine Division of Infectious Diseases. She is board certified in Internal Medicine and Infectious Diseases, and is a Fellow of the American College of Physicians and the Infectious Diseases Society of America, as well as a member of several boards and scientific associations. To date she has conducted international medical site visits or served as a lecturer in Cuba, Haiti, Panama, Dubai UAE, Uganda, Zambia, Senegal, Beijing, India and Brazil.

Congratulations to **Shaolin Liu, Ph.D. and the Department of Anatomy**, for receiving an NIH one-year grant totaling \$261,882 for lab work entitled “Mechanisms underlying APOE-4 effects on olfactory bulb circuits.” Dr. Liu is an Assistant Professor and PI at Howard University College of Medicine in the Department of Anatomy.

Dr. Liu's current research focuses on how sensory information is processed at the cellular and circuit levels with a model of the mouse olfactory system, a highly conservative sensory modality with output directly to the limbic system and heavy involvement in emotion, learning and memory in humans.

Specifically, present research addresses fundamental questions on the anatomical and functional organization of neural pathways in the olfactory systems by capitalizing on cutting-edge technologies, including cell type-specific opto- and chemo-genetics combined with *in vitro* and *in vivo* electrophysiology, *in vivo* calcium imaging, immunohistochemistry, confocal imaging as well as behavioral approaches. Our work is presently supported by federal fund from NIH and has led to important findings published in high-profile peer-reviewed journals.

OFFICE OF FACULTY DEVELOPMENT

The Office of Faculty Development at HUCM is now on Twitter! We will be providing updates on our workshops, newsletters, and other opportunities for professional development.

HARVARD MACY PROGRAM

Program for Educators in Health Professions Offered Annually in Boston, MA

The goal of the Harvard Macy Institute Program for Educators in Health Professions is to enhance the professional development of physicians, basic scientists, and other healthcare professionals as educators. The program is built around 7 major themes: the science of learning, teaching skills & strategies, inquiry and evidence in education, curriculum design, examining your assumptions, leadership development, and innovations in education.

The program consists of **two sessions in residence at Harvard**: a 6-day spring session and a 6-day fall session. Learning formats include large group presentations; interactive exercises; case-method teaching; problem-based learning; observations; reflective use of journals; and discussions in large and small groups. A variety of faculty facilitated small group formats are used to support learning from observations, to draw together scholars with common interests, and to further the development of each scholar's back home project for educational change.

HUCOM has funding for two faculty members to attend this program with a priority given to projects that have a focus on improving medical student education. In order to receive funding, we ask that you submit your proposal to swati.goel@howard.edu no later than Oct 31st, 2019. The committee of the Office of Faculty Development will review all received proposals and determine which will be funded. Our office can also put you in touch with previous Harvard Macy scholars from the COM who can assist you with proposal development and be a valuable resource. If you submit directly to the Harvard Macy program without first reaching out to the Office of Faculty Development, we will not be able to assist you with funding.

Next Course:

Part 1: May 11 - 16, 2020

Part 2: October 11 - 16, 2020

Please note that there is a change to when this course has been traditionally held.

<https://www.harvardmacy.org/index.php/hmi-courses/educators>

Application Deadline: December 1, 2019

Recommendation Letter Writing Seminar

When: Thursday, September 5, 2019

Where: Admissions Conference Room – Mudd Building, Room 2310

Time: 12:00pm – 1:15pm

Guest: Mark Johnson, M.D., MPH

Professor and Chair

HUCM Department of Community and Family Medicine

SAVE THE DATE!

New Faculty Orientation – November 7, 2019 – Mudd Building, Room 500 (Conference Room)

This in person all-day onboarding of new faculty in the College of Medicine is open to all new full time, part time and adjunct (POI) faculty from the past 2 years who have not yet participated. Please email patsy.hayden@howard.edu for further information.

HUCM – Office of Faculty Development Annual Retreat

When: Wednesday, May 27, 2020 (PLEASE NOTE CHANGE FROM ORIGINAL DATE)

Where: AAMC Building – 655 K Street, NW, Washington, DC 20001

AAMC – PROFESSIONAL DEVELOPMENT OPPORTUNITIES

LEARN, SERVE, LEAD 2019 – AAMC ANNUAL MEETING

Registration now open

When: November 8 – 12, 2019

Where: Phoenix, AZ

Link: [Register now](#)

Whether you are looking to grow your leadership insights, further your institution's mission through new solutions, or simply meet leading experts throughout our field, Learn Serve Lead: The AAMC annual meeting is the place to be. This is the only conference devoted entirely to academic medicine's challenges and opportunities, bringing together diverse communities within medical education, patient care and research to learn from one another, find common ground and build organizational capacity

GEORGETOWN-HOWARD UNIVERSITIES CENTER FOR CLINICAL AND TRANSLATIONAL SCIENCE (GHUCCTS)

GHUCCTS NEWS!

MedStar Health Research Institute and GHUCCTS

What: Research Grand Rounds

When: Friday, September 6, 2019

Time: 12:00pm – 1:00pm **w/lunch following from 1:00pm to 1:30pm**

Guest: Nawar Shara, Ph.D.

MedStar Health Research Institute

Department of Biostatistics and Bioinformatics

Where: MedStar Washington Hospital Center, CTEC Theater, 6th Floor

Topic: “Big Data for Clinical and Translational Research: From Data to Doctor and Back”

GEORGETOWN-HOWARD UNIVERSITIES CENTER FOR CLINICAL AND TRANSLATIONAL SCIENCE (GHUCCTS)

GHUCCTS – Grant Writing Workshop Series

The Georgetown-Howard Universities Center for Clinical and Translational Science is offering a 6-month Grant Writing Workshop Series for predoctoral students and postdoctoral fellows, and junior faculty who are actively working on individual fellowship, career development, and research project grant application that is due within the next 12 months. The workshops are embedded within our Translational Biomedical Science (TBS) evening workshops series on Thursdays rotating between Georgetown and Howard Universities from 5:30-7:30pm.

Application Requirements:

Actively working on a new/revised grant application due within the next 12 months;

Committed to participating in peer review discussions;

Ability to meet submission time lines

Talk Topics:

Nuts and bolts of Grant Writing

Developing a Problem Statement and Specific Aims

Research Strategies: Good and Bad Examples

How to Write an effective Biosketch

Linking your Individual Development Plans to Career Development Plans

How to Write Nongeneric Mentorship Plans, Impactful Cover letters & Letters of Support and Collaboration

Peer Review Discussion on:

Specific Aims

Research Strategies

Biosketch

Career Development Plans

Mentorship Plans, Cover Letters & Letters of Support & Collaboration

What: Grand Writing Workshop Series

When: Eleven Workshops starting in October 2019 thru March 2020: **Due Date to Register: Wednesday, October 9, 2019**

Registration: <http://j.mp/2zcRfKS>

RESEARCH

HU Research Centers in Minority Institutions (RCMI) - 2019 Look Ahead

NIH New Funding Opportunity

NIH invites applications for late-stage (T4) implementation strategies for optimal & sustainable delivery of proven-effective, evidence-based, multi-level interventions to reduce disparities in Heart & Lung diseases. [#ImpSci go.usa.gov/xEA4J](https://www.nih.gov/xEA4J)
RFA-HL-20-003 Disparities Elimination through Coordinated Interventions to Prevent and Control Heart and Lung Disease Risk (DECIPHeR) (UG3/UH3 Clinical Trial Optional) **Link:** <https://www.nhlbi.nih.gov/grants-and-training/funding-opportunities-and-contacts/all-funding-opportunity-announcements-2907>

Key Dates

Application Due Date: October 1, 2019 - **Letter of Intent Due Dates:** 30-days prior to the application due date

Expiration Date: October 2, 2019

Contingent upon NIH appropriations and the submission of a sufficient number of meritorious applications, NHLBI intends to fund up to eight (8) awards, corresponding to total costs of up to **\$7,875,000** in FY2020 and **\$10,500,000** per year in FY2021 through 2026.

RESEARCH (cont'd.)

NIH-HOWARD Intramural Research Collaboration (NIH-HUIRC)

The Howard University College of Medicine is pleased to release the 2019-2020 NIH-HOWARD Intramural Research Collaboration Pilot Program Application. NIH is envisioned to function as the hub of the collaboration with HU. Participants will acquire the skills necessary to obtain external grants and increase scholarly productivity over a 24-month period. There will be bi-annual reviews of progress and/or productivity.

Eligibility Requirements for Applicants:

- Must be HU early stage/junior faculty (instructor or Assistant Professor rank) with six years of completion of formal training (defined as residency, fellowship, or post-doctoral training).
- Must be full-time employees at the Howard University College of Medicine/Hospital.
- Applicants must have demonstrated previous research experience
- Submit a fully completed **four (4) copies of the completed application must be physically submitted to MUDD Room 530 and electronically to com_research@howard.edu on or before December 12, 2020 by 4pm.**
- Successful applicants will be notified in early February 2020.
- LINK: <https://medicine.howard.edu/about-us/research/nih-huirc>.

Now Accepting Submissions!

INTERNATIONAL CONFERENCE ON STIGMA

We are now accepting submissions for Scientific and Community Based Abstracts, Workshops and Artwork that address HIV or other health-related stigmas. Please click on the link for more information www.whocanyoutell.org

Registration coming soon for the November 22, 2019 International Conference on Stigma at Howard University

Applications now accepted for the NIA/NIH

2020 Paul B. Beeson Emerging Leaders Career Development Award in Aging

Application deadline: October 22, 2019

Paul B. Beeson Emerging Leaders Career Development Award in Aging (K76 Independent Clinical Trial Not Allowed) - RFA-AG-20-010

This Funding Opportunity Announcement (FOA) is designed specifically for applicants proposing research that does not involve leading an independent clinical trial, a clinical trial feasibility study, or an ancillary clinical trial. Applicants to this FOA are permitted to propose research experience in a clinical trial led by a mentor or co-mentor. **Applicants proposing a clinical trial or an ancillary clinical trial as lead investigator, should apply to the companion FOA: RFA-AG-20-011**

- **Who is eligible:** Clinically trained (primarily physician) early-stage investigators who have begun to establish research careers and have shown signs of leadership potential who will use this award to further develop the tools, skills and resources to have a significant impact in their field of expertise
- **Amount of award:** **\$225,000** in direct costs per year
- **Award period:** Up to 5 years
- **Number of awards given:** 7-10

OTHER PROFESSIONAL DEVELOPMENT OPPORTUNITIES

Exam Soft Resources

Webinars: <https://examsoft.com/webinars>

Center for Excellence in Teaching, Learning, and Assessment (CETLA)

Effective classroom management is much more than simply administering corrective measures when a student misbehaves; it's about developing proactive ways to prevent problems from occurring in the first place while creating a positive learning environment.

Establishing a climate for learning is one of the most challenging aspects of teaching, and one of the most difficult skills to master, even at the post-secondary level. For those new to the profession, failure to set the right tone will greatly hinder your effectiveness as a teacher. Indeed, even experienced faculty may sometimes feel frustrated by classroom management issues. Strategies that worked for years suddenly become ineffective in the face of some of the challenges today's students bring with them to the classroom. Below is a link with examples of classroom management techniques that every faculty member should know.

[10 Effective Classroom Management Techniques Every Faculty Member Should Know](#)

National Board of Medical Examiners (NBME)

Strategic Educators Enhancement Fund (SEEF) Fellowship Program

Are you interested in medical education research? Do you enjoy working with and learning from colleagues?

Through the new SEEF Fellowship Program, eight participants will work with a senior mentor and NBME staff to identify and develop questions and a research project that addresses:

1. Assessment of clinical reasoning/critical thinking and/or
2. Diversity/bias and disparities in assessment

The Application Deadline is: **September 30, 2019**

For more information visit: www.nbme.org

FACULTY WELLNESS (cont'd.)

Other Wellness Services Offered by the University

Below are some wellness services offered by the University for all faculty and staff:

- Faculty members are welcome to join the GME Gym located in the Towers Building. The cost is \$100 for membership – period September 1st – August 31st. Those interested in joining must contact the GME Office (Suite 2039 of the Hospital-2nd Floor) to complete the form. Once the form is complete, we ask the potential gym member to make a payment at the Cashier's Office and present the receipt to GME for access.
- Howard University benefit to its employees: visit <https://www.beneplace.com/howard>. The site provides a number of discounts for discounts to a variety of items and services to HU and HUH Employees.
- The AMA GME Competency Education Program is a series of online educational modules designed to complement teachings in patient settings and didactic curricula in residency and fellowship programs. It helps residents and their institutions to meet core competency requirements. Courses include addressing burnout and professionalism and are not being offered to faculty as well as residents and fellows. Faculty will need to contact Ms. Alonda Thompson (alothompson@howard.edu) or Mrs. Mary Jennings-Butler (mjennings@huhosp.org) to request access to the AMA Courses.

Pastoral Care Services

Reverend Michael A. Dickerson – Located on the 1st Floor of the HUH, Room 1-J07 – Office: 202-865-1885

- Worship Services:** Catholic Mass, Sundays from 11am – 11:40am and Fridays from 12pm - 1pm
Protestants Worship, Wednesdays from 12pm – 1pm
Jumu'a Prayer (Every Friday from 12pm – 3pm) Towers Building, Room 3800
- Support Groups:** Smoking Cessation, Wednesdays from 4pm – 5pm
Grief Support 1st Thursdays from 4pm – 5pm

Counseling Sessions upon request (Individual/Family and Staff); Patient Consults upon request

***Please note: Pastoral Care Services collaborates with area clergy in order to satisfy all religious traditions**
