THERE IS TIME TO PARTICIPATE - THE AAMC +55 SURVEY IS STILL OPEN!

Dear Faculty,

A few weeks ago, I shared a message with you about an important survey project launched by the Association of American Medical Colleges (AAMC) and a group of national Faculty Affairs leaders. As noted, this survey will help the academic medicine community better understand the work-life expectations of faculty members who are age 55+ and identify ways to support faculty in the later stages of their career, as many begin to think about transitions to retirement.

As a full-time faculty member age 55+, I am inviting you to participate in this national study. This AAMC data collection is anonymous and your data will not be shared with our institution. This survey is short and will take less than 10 minutes to complete. You can access this short survey here:

<https://surveys.aamc.org/se.ashx?s=7C7E87CB580A2F31>

If you haven't yet participated, I strongly encourage you to share your opinions through this survey. Thank you for taking the time to participate in this important project. The aggregated findings will inform our office's work in developing policies and programs to best support you.

Best,

Swati Jain Goel
Assistant Dean of Faculty Development, HUCOM

ANNUAL RETREAT UPDATE

As mentioned in June's issue of the newsletter, we are distributing an email linking the videos from the retreat as well as the relevant articles. If you were unable to attend the retreat, this will be a good tool to catch up on what was missed. We have also uploaded the slide presentations from each speaker.

UPCOMING OPPORTUNITIES

For Fiscal Year 2017, CMS is pleased to announce two funding opportunities for systems level (e.g. health plans, hospitals, health systems) collaborative research that explores solutions to disparities that are prevalent in cardiovascular health, pre-diabetes, diabetes, and/or kidney disease among minority populations.

One grant is for [Historically Black Colleges and Universities \(CMS-110-17-001\)](#), and the other is for [Hispanic Serving Institutions \(CMS-1H0-17-001\)](#). The funding period is for two years and the amount of each grant is \$322,500. The funding opportunity announcements are accessible on [Grants.gov](#). Applicants will have 30 days to submit their application. **Applications are due by July 10, 2017.**

To qualify for the grant, academic institutions/organizations must meet the program requirements available [here](#). For more information about the Minority Research Grant Program, please contact HealthEquityTA@cms.hhs.gov.
